Associate Engineer (Java Fullstack)   Jan 2022 - present
Nagarro   *Gurgaon, India*

- Worked on record management system.
- Tech used : Java, Spring, Maven, hiberanate, MySQL, CSS, jsp, Apache Tomcat
- End to end implementation of e-commerce website.
- Techstack : Java , Maven, Hibernate, SpringBoot, MySQL, HTML, Bootstrap CSS, Angular, Azure

PROJECTS

Mirinda UI

- It's a pure CSS component library, using which you can create clean and reusable components on the go.
- All you need to do is import the CSS file through the link provided below, and give appropiate class names to your HTML elements, as specified in the documentation website and voila! your components are ready to use.
- [See live demo](#)

Purritos

- E-commerce website for pet blankets.
- Tech used : React.js, HTML, CSS, Mirinda UI, react-hooks, react-router
- [See live demo](#)

Portfolio Website

- A portfolio website containing all of my side projects and blogs
- You can visit them along with their source codes
- [See live demo](#)
